

CAFÉ™ Built-In Microwave Drawer Oven

Introducing CAFÉ's first drawer-style microwave solution, perfect for everyone who needs a microwave, but also wants to preserve counterspace. This built-in appliance offers convenient cooking without the need to sacrifice personal style, and is available in finishes that match existing CAFÉ appliances.

Loaded with Premium Features:

- **Seamless Under Counter Integration:** The built-in microwave drawer removes an essential appliance from plain sight. Tucking the microwave under the counter clears clutter and maximizes space for meal prep.
- **Convenient Operation:** The electronic door makes the microwave easy to use when the cook's hands are full and for those looking for improved kitchen mobility.
- **Curated Finishes:** With a glass control panel, the drawer microwave is available in three finishes that reflect consumers personal design preferences: Matte Black, Matte White and Stainless Steel.
- **One Touch Cooking Convenience:** A convection cooking setting uses sensor cooking controls to automatically adjust the time and power for crisp, consistent results.
- **Safety First:** Activating the Lock Controls feature will ensure that children are not able to use the microwave without adult supervision.

Where to Buy:

The CAFÉ Built-in Microwave Drawer will be available in March 2022 at retailers nationwide for \$1,599 MSRP (Stainless Steel) and \$1,699 MSRP (Matte Black and Matte White).
